# Community Support Programs

MCRC is a local non-profit charity providing essential services to the children and families of Milton for over 25 years.

Our Empowerment Programs streamline efforts to support girls and people who are impoverished, vulnerable or at risk resulting in a negative impact on their safety, well-being and sense of belonging. These programs are designed to level the playing field and ensure all citizens have fair and equitable access to services and supports that will boost their trajectory of success.

**MCRC's Infant Food Bank** is tackling food insecurity and poverty by helping local families in need by providing a monthly supply of essential infant supplies, diapers, formula, baby food and cereal. The Infant Food Bank provides families with referrals to EarlyON programs, supports, services and other community agencies. The Infant Food Bank can be accessed by families in Milton as well as satellite locations in Action and Georgetown.

**MCRC's She Can! Program** is empowering self-identifying girls and gender-diverse youth by focusing on leadership, healthy relationships, stress management, and well-being. These programs help participants build confidence, understand healthy boundaries, and develop essential leadership and communication skills for lifelong success, enabling them to better navigate challenges and thrive in their communities.

**MCRC's Period Power Initiative** promotes equity by providing essential menstrual products—such as pads, tampons, panty-liners, and menstrual cups—through MCRC's Infant Food Bank. By addressing the financial barriers to access, we support the mental and physical well-being of individuals who menstruate, ensuring that all members of our community have the resources they need.

## 2024 Community Impact

- In 2024, we provided essential infant supplies and food to **270 families**, supporting a total of **339 babies**.
- **Families in our community received:** 1,400 Diaper boxes, 807 large containers of formula, 1,822 packages of cereal and 11,678 pouches of baby food.

- 66 free programs dedicated to empowering young girls and gender-diverse youth fostering confidence and a sense of belonging.
- 509 girls and gender-diverse youth participated our programs, finding support, building confidence, and growing with us as a community.

- 1,518 period products were distributed to menstruators in our community, ensuring access to essential items when it was needed most.
